Bejeweled Classic for PC.

Free download Bejeweled Classic for PC Windows or MAC from BrowserCam. ELECTRONIC ARTS published Bejeweled Classic for Android operating system(os) mobile devices. However if you ever wanted to run Bejeweled Classic on Windows PC or MAC you can do so using Android emulator. At the end of this article you will find our how-to steps which you can follow to install and run Bejeweled Classic on PC or MAC.

Do you have a love for those intense arcade games like the Bejeweled Classic? Do you want to know how you can find the perfect game to have fun and enjoy every day? You can now discover the best match in this classic game of matching gems. The game has over 6 amazing game modes that let you play a time-based game at a fast pace. You can also create special gems like the Flame gems, Star gems, Supernova gems, and Hypercubes. You can collect amazing achievements and badges while you soar above the leaderboards in this amazing game.

Matching Colorful Gems.

The game is all about matching similar colored gems. You can swap them in any way around either left, right, above, or below. This classic gem-matching game is an oldie but it's definitely fun and exciting. You can find unlimited fun and explore your way as you test out this amazing gem-matching game.

Different Game Modes.

The Bejeweled Classic game comes with different modes that let you explore amazing treasures. You can now play the original game in the Classic mode, or even dig deep for the deepest creatures in Diamond Mines. You can also save the butterflies by matching the gems and help keep the cold out of the storm. If you get tired of all those game modes, you can also make top hands with Poker.

Boost Your Way Up.

We always want to get up the leaderboard in any way possible. The only way we can get our way across is by boosting our way. You can use two different boosts in the Bejeweled Classic game. You can keep the regular boost or even the Super boost depending on your need and make higher scores. The higher you score, the farther up you go on the leaderboard. Boosts are just a way to get to the top of the leaderboard. They're a way to give the game a whole new dimension and a whole new way.

Are you stuck in a place and don't know how to match gems and go on your way out? You can now use the hints button and get your hints. This way you can prove your real skills and enjoy this amazing matching game while you hit the top ranks and make it big. So, have you started playing yet?

Let's find out the prerequisites to install Bejeweled Classic on Windows PC or MAC without much delay.

Select an Android emulator: There are many free and paid Android emulators available for PC and MAC, few of the popular ones are Bluestacks,

Andy OS, Nox, MeMu and there are more you can find from Google.

Compatibility: Before downloading them take a look at the minimum system requirements to install the emulator on your PC.

For example, BlueStacks requires OS: Windows 10, Windows 8.1, Windows 8, Windows 7, Windows Vista SP2, Windows XP SP3 (32-bit only), Mac OS Sierra(10.12), High Sierra (10.13) and Mojave(10.14), 2-4GB of RAM, 4GB of disk space for storing Android apps/games, updated graphics drivers.

Finally, download and install the emulator which will work well with your PC's hardware/software.
